

IT

Prima di consultare l'esploso e relativo elenco ricambi, è necessario verificare il **Service Index** e **Linea di produzione** riportato sull'etichetta caratteristica

EN

It is necessary to check the **Service Index** and **Production line** on the product label, before consulting the exploded view drawing and the related spare part list.

DE

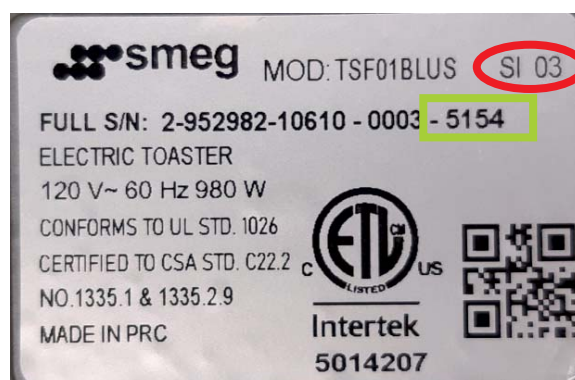

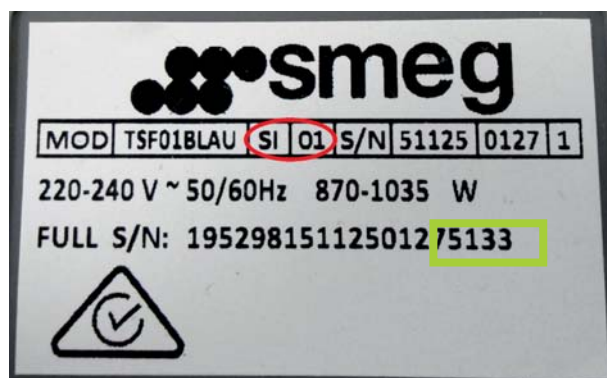

Zunächst der auf dem Merkmaletikett angeführte **Service-Index** und **Produktionslinie** geprüft werden, bevor man die Explosionszeichnung und die entsprechende Einsatzeileiste konsultiert.

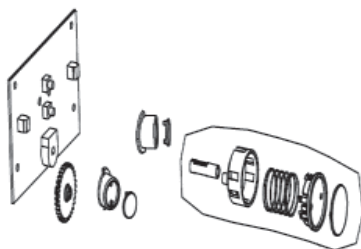

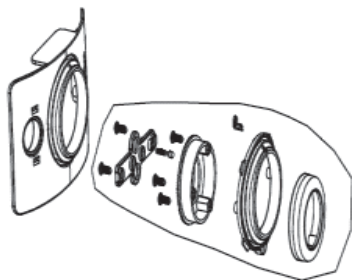

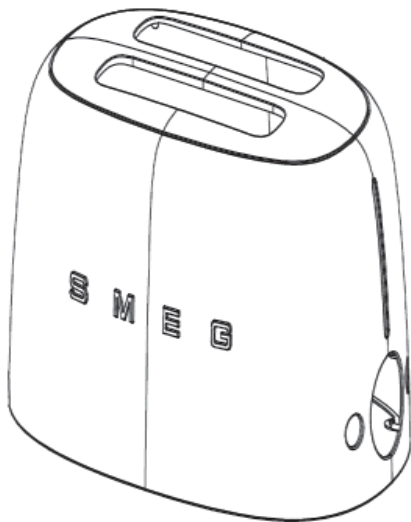

FR

Il est nécessaire de vérifier le **Service Index** et **ligne de production** qui figure sur la plaque signalétique avant de consulter la vue éclatée et la liste de pièces de rechange correspondante

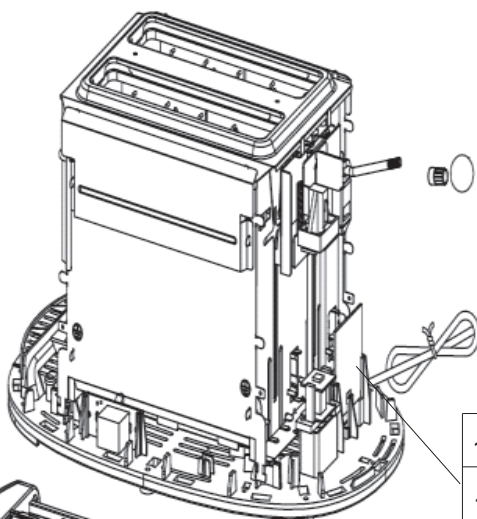

ES

Antes de consultar el despiece y la correspondiente lista de recambios, es necesario comprobar el **Índice de Servicio** y **Línea de producción** indicado en la etiqueta de características.
